SIXTY

INVITE

Our homes under pressure due to the current situation,
invaded by ~~extra-residential~~ outer-home activities,
our privacy vanishing, intruded by online eyes or curious neighbours,
our social interactions constrained and degraded by virtuality,
our public space ~~restrained~~ restrained and deserted.

Dear all,

We decided to offer our private space to the public.

We invite you to join/enjoy/spend time/contribute/perform/
~~or do whatever pleases you~~ and experience this

WG 323, Brahmsstrasse 34, 8003 Zürich

Come alone or in group of max 3

Please, contact us in advance, for us to regulate the
